

Rue Cavapoo Puppy Essentials

These items are *recommendations*, not requirements. Items we've used and approved. Several items are strongly suggested (food, etc). Make sure when ordering beds, collars, etc. you get extra small or small.

1. **Dog food** – We use FROMM. Family owned since 1904 and have never had a bag of food recalled. Purchase from Amazon or Hollywood Feed.

2. **Feeding bowls** – you'll need a small size. They'll start by eating about ¼ cup of food. There's multiple options:

3. **Puppy Playpen** – We recommend using these in the beginning puppy phase. They are so small that they can get stuck under furniture. And you cannot house train a pup that is allowed to wonder the entire house.

4. **Bedding and/or Padding (for crate)** – puppies usually appreciate the beds as they get older. I love the various padding sizes for the bottom of crates to make them comfortable. They are also machine washable.

5. **Snuggle Puppy** – this is one of our FAVORITE items and we HIGHLY recommend! These plush puppies come with a little heart on the side. You push the power button then put it back in the pouch (via Velcro opening). The puppy will snuggle up to it because it will think it is a sibling. VERY helpful those first few nights coming home. <https://amzn.to/4g0UwT2>

6. **Pee Pads** – I've included the washable pads that I use in their pen as well as disposables.
